PROGRESSION THROUGH TOPICS

PHYSICS – SEASONAL CHANGES *on going topic*

Early Learning Goal

Children know about similarities and differences in relation to places, objects, materials and living things. They talk about the features of their own immediate environment and how environments might vary from one another. They make observations of animals and plants and explain why some things occur and talk about changes.

Year 1

- Observe changes across the four seasons.
- Observe and describe weather associated with the seasons and how day length varies.
